March 29, 2016

I am Performing Arts Manager at Evergreen Cultural Centre in Coquitlam, British Columbia. I have been presenting at the Evergreen Cultural Centre for 8 years, and have known Vitaly Beckman for approximately 5 years, and have presented him. I have also presented a number of other magic and illusion shows.

In the last 2 seasons, I have presented Vitaly's show An Evening of Wonders twice at the Evergreen Cultural Centre, and each time his show has sold out. I have invited him to come back for a third time this season, due to popular demand.

Vitaly's show is utterly original and I have never seen anything similar to what he does, even though I have presented and seen many magicians and illusionists in the past. His show is a different, a fresh approach to the art of illusion that audiences haven't seen before.

The audience response to Vitaly's performances has been very positive, with people often returning again and again to his show.

Respectfully yours,

David Mann
