## JEWISH THEATRE COMPANY

We were fortunate enough to have Vitaly: An Evening of Wonders at the Harold Green Jewish Theatre Company in Toronto, Canada on June 7-21, 2022.

We programmed Vitaly as the last show in our 2021/22 season. One of the reasons the show was such a hit with our audience was the utterly amazing illusions. But for us it was more than that. Vitaly has designed a very tight and entertaining evening that explores the creative process of creating art.

This theme worked brilliantly well in context with the incredible illusions. The evening was also elevated by his sharp humor and warm personality.

We highly recommend Vitaly for a truly polished, very fun evening of theatre with world class illusions. We look forward to having him back!

Best,
