Dear Vitaly...

We are so grateful of the time we had together in Memphis. A couple of years ago we had initiated our Illusion Series at the Halloran Centre. With performances like yours, we have been inundated with requests to present more MAGIC!

I found your artistry to be unmatched, and your illusions very unique. We were all amazed at your driver's license routine in particular. We were especially appreciative of the ease we had in presenting your show.

Best of Luck as you continue your career. Your commanding presence and your comedic banter, kept us all waiting for the next amazement.

Continued success.
