To Whom it May Concern:

We had the pleasure to have Vitaly: An Evening of Wonders at the Wortham Center for the Performing Arts, for our 2021/22 season.

Our audience loved the show. Because it was sold out, we had to add another date!

One of the reasons the show was such a hit with our audience was the unique aspect of the illusions and their mind-blowing nature. We have never seen anything like that before. But on top of that, Vitaly had a wonderful connection with the audience, bringing them along on the journey rather than fooling them with 'tricks'.

Off the stage, Vitaly and his crew are very professional and a pleasure to work with.

We highly recommend Vitaly for a truly unforgettable evening and look forward to having him back!

Sincerely,
